Montserrat Buchelli

Trilingual Customer Success & Client Service Professional | Animal Health & SaaS

(438) 558-7644 | montsebuchelli1999@gmail.com | LinkedIn | Portfolio | Montreal, QC

Foreign-trained Veterinarian and founder of ColagiCan (pet supplement brand) with 5+ years of customer-facing experience. Trilingual (English / French / Spanish) Customer Success and Client Service Professional with a track record at ClearEstate and Tru by Hilton delivering high-volume multichannel support, tracking KPIs, and optimizing processes. Combines clinical healthcare rigor, B2B relationship management, and data-driven reporting to drive client satisfaction and efficient case resolution.

EXPERIENCE

Customer Success Associate, ClearEstate — **May 2026 – Oct 2026**

- Owned the team email inbox; handled 40–45 tasks daily (about 10 minutes each), providing bilingual (English/French) phone, email and chat support with empathy in sensitive situations.
- Verified client documentation and kept files complete and accurate across the full lifecycle as part of a team of five.
- Led client onboarding: intro calls, clear next steps and proactive follow up on pending documents to keep cases moving.
- Flagged recurring issues and collaborated with internal teams to improve processes and resolution times.
- Designed and implemented custom AI workflows in Claude, streamlining daily case handling and reducing response/resolution times.
- Boosted teamwork by organizing activities such as a steps challenge and a World Cup league; recognized for bringing positive energy to teamwork and to clients.

Front Desk & Operational Support | Operational Marketing, Tru by Hilton Montréal — **May 2025 – May 2026**

- Handled arrivals and departures as part of the opening team at a downtown hotel with 88 rooms that was fully booked, delivering trilingual service with excellent satisfaction scores.
- Recognized by guests and management for warm and empathetic service full of energy.
- Supported in-house marketing by designing guest TV screen content, reception displays, and seasonal promotional activities.
- Planned room assignments to fill floors completely instead of scattering rooms, speeding housekeeping turnover at peak occupancy.
- Analyzed financial and occupancy reports in Excel to support operational decisions.

Receptionist & Administrative Assistant, ATD Clubhouse — **Nov 2024 – May 2025**

- Drew on a veterinary background to guide clients and the team on animal care, support daily organization and build trust with members.
- Monitored member retention through sales and KPI reporting, flagging trends for management.
- Joined during the club's opening and built scheduling and payment processes from scratch, reducing errors.
- Served as the main point of contact for member accounts and internal communication.

Founder & CEO, ColagiCan (Pet Supplement Brand) — **Jan 2021 – Present**

- Built and lead a pet supplement brand end to end: supply chain logistics, billing and distribution to veterinary clinics.
- Drive monthly sales of 15–30 units sold directly to consumers plus 6 units per partner clinic through B2B clinic partnerships.
- Run and manage the brand with Claude and AI tools: creating ads, posting for the Mexican market, building the website (www.colagican.com), writing emails and handling overall management, guided by sales data, to drive acquisition and retention.

Veterinarian, Private Clinics for Small Animals, Mexico — **2019 – 2023**

- Handled complex consultations and medical logistics in busy clinics under pressure.
- Coordinated health campaigns and acted as liaison between clinical teams and clients.
- Maintained accurate medical records and ensured compliance with clinical protocols.

EDUCATION

Attestation of College Studies (AEC), Digital Marketing Specialist, Greystone College, Montreal, QC — **2024 – 2026**

Bachelor's Degree in Veterinary Medicine (89.3 GPA), Universidad de Guadalajara — **2018 – 2023**

CERTIFICATIONS

Workplace First Aid, Secourisme en milieu de travail, Formation Langevin — **Apr 2026 – Apr 2029**

AI Certificates, Google and Anthropic — **2026**
